

BLUEBOX FOOD LOCKERS HAVE YOU COVERED

Keep your take-out warm or your groceries fresh

At Bluebits Technologies, we have created the universal temperature controlled solution. Our temperature control Lockers give users the flexibility of picking up their take-out or groceries at their own time by providing around-the-clock access. With the modular solution, our BlueBox food lockers can be tailor-made to fit almost any situation.

BlueBox Warm Food Lockers

- Warms food up to 55°C in as fast as 90 seconds
- Easy access point for food drop off, no more food left in the open
- Auto-turn off so food won't cook, instead just stay warm
- Courier neutral locker! (DoorDash, UberEats Etc.)

BlueBox Cold Food Lockers

- BlueBox Cold Food Lockers provide flexible cold temperatures for all types of produce deliveries
- Never have your fresh produce spoil, stolen, or damaged again
- Tackles the growing demand for grocery delivery. As of 2022, 27% of Canadian adults partake in online grocery shopping
